

# Crittenden Estate Peninsula Fumé Blanc 2020

Judged by a panel to be in TOP SIX alternative Australian Sauvignon Blancs...

“Mineral, clean and fresh, with no blatant sauvignon blanc character”

“Grassy, citrus, slight grapefruit character. Softly textured with a subtle midpalate.”

“A quirky and adventurous wine. On the nose, beer nuts, yeasty lees and a wild but intriguing array of citrusy lemon-like fruits but dominated by that nutty character. The palate is impressive, with obvious power and concentration, loads of ripe fleshy red apple and juicy pears, perfect phenolic grip – an intense but very good wine.”

“The nose is very much riesling-like, with a strong lime aroma profile, underpinned by some lovely briny and elderflower characters. On the palate, there is a nice mouthfeel with excellent weight and balance. Here we are on rose, white flower and citrus notes, leaning on the grapefruit side. Refreshing and thirst-quenching.”
